# 10 STEPS YOU CAN TAKE TODAY

**Want to take charge of your health, wellness, and success?  
Here are 10 steps that can move you closer to your goals – today.**

- Find ways to add value to humanity and society instead of having a negative impact on the world.
- View money as an exchange of energy more than just a currency. Money is spiritual because it is an extension of myself as an energetic being.
- Let my entrepreneurial efforts strive to solve people's problems rather than just making it solely a money-making endeavor. Doing so creates wealth in a fulfilling way.
- Realize that money is just a tool of exchange. Acquiring true wealth involves greater concepts such as time and impact.
- Open myself up to different learning patterns and types of thinking so that I begin to have a wider understanding of the world.
- Take control of my social media universe. I have the power to let it be a positive or negative influence in my life.
- Learn from teachers and mentors that are masterful in their own field by attending events such as conferences, seminars, retreats and meet ups.
- Create a unique niche or improve on an existing one. Then leverage it through tools learned from my mentor.
- Use the principles of synergy to create remarkable results. Have a team with aligned values and a clear cut measurable system for achieving results.
- Become a master of my own emotions, feelings, and behavior by meditating. Remember to take three deep breaths before reacting or making decisions.
